

Robots in Context

Programming Exercise 4

Leon Bodenhagen lebo@mmmi.sdu.dk

Associate Professor

SDU Robotics, Maersk Mc-Kinney Moller Institute

Representation of the workspace

- Images
 - White represents free space, black represents occupied space
- You can use other colors to mark the paths

(identical with PE #2)

Programming Exercise - Task

- Implement a program which can
 - Read in an image as workspace
 - Implements the brushfire algorithm
 - Generates the GVD
 - Bonus: address the planning problem
- Test the program on different maps with different complexity.
